

GWADW2022 - Approaching the low-frequency design sensitivity of ground-based detectors

Contribution ID: 19

Type: **Oral presentation**

Cosmic Explorer at low frequency

Friday, 27 May 2022 22:50 (20 minutes)

This talk will discuss the problems that must be solved to achieve Cosmic Explorer's low frequency sensitivity goals.

Primary author: HALL, Evan

Presenter: HALL, Evan
